REACH and Samsung Electronics' Products

Regulation No 1907/2006 on the *Registration, Evaluation, Authorisation and Restriction of Chemicals* (REACH)¹ entered into force on 1st June 2007. Under REACH, companies operating in the EU face certain obligations as manufacturers, importers and/or downstream users. One of the key requirements is the *Duty to Communicate Information on Substances in Articles* (Article 33).

Article 33: Information for Recipients & Customers

Article 33 of REACH requires suppliers to inform recipients and respond to consumer enquiries if an article contains more than 0.1% (by weight per article) of any substance on the Substances of Very High Concern candidate list² published by the European Chemicals Agency (ECHA).

Samsung Electronics Co. Ltd provides Article 33 information as follows. In addition, all consumers can use the contacts below to submit queries relating to the REACH obligations in Samsung Electronics' products.

Продукти REACH и Samsung Electronics

Регламент № 1907/2006 относно регистрацията, оценката, разрешаването и ограничаването на химикали (REACH)¹ влезе в сила на 1 юни 2007 г. Според REACH, дружествата, действащи в ЕС, са изправени пред определени задължения като производители, вносители и / или потребители надолу по веригата . Един от ключовите изисквания е задължението за предаване на информация за веществата в членове (член 33).

Член 33: Информация за получателите и клиентите

Член 33 от REACH изиска доставчиците да информират получателите и да отговарят на потребителски запитвания, ако дадена статия съдържа повече от 0,1% (по тегло на член) от всяко вещество върху веществата, които са в много висок списък², публикуван от Европейската агенция по химикали (ECHA).

Samsung Electronics Ко ООД предвижда член 33, както следва. Освен това, всички потребители могат да използват контактите по-долу, за да представят въпроси, свързани с REACH задълженията в продуктите на Samsung Electronics.

REACH i Samsung Electronics proizvodi

Uredba br 1907/2006 o registraciji, evaluaciji, autorizaciji i ograničenju kemikalija (REACH)¹ stupili su na snagu 1. lipnja 2007. godine. Prema REACH, tvrtke koje djeluju u EU se suočavaju s određenim obvezama kao proizvođači, uvoznici i / ili nizvodni korisnici. Jedan od ključnih zahtjeva je dužnost priopćavanja informacija o tvarima u člancima (članak 33.).

Članak 33.: Informacije za primatelje i kupce

Članak 33. REACH zahtijeva od dobavljača da informiraju primatelje i odgovori na upite potrošača ako članak sadrži više od 0,1% (po težini po članku) bilo koje tvari na tvarima vrlo visoke zabrinutosti popis kandidata² koje je objavila Europska agencija za kemikalije (ECHA).

Samsung Electronics Co Ltd pruža članak 33. informacije kako slijedi. Osim toga, svi potrošači mogu koristiti kontakte u nastavku kako bi podnijeli upite koji se odnose na REACH obveze u proizvodima Samsung Electronics.

² Smatra se kandidatima za uključivanje u Prilogu XIV REACH. Najnovija revizija popisa kandidata objavila je Europska agencija za kemikalije 8. srpnja 2021. na: <https://echa.europa.eu/candidate-list-table>

2021. rujna

Većina proizvoda i pakiranja kao što je proizveden i / ili isporučen od strane Samsung Electronics Co Ltd ne sadrži tvari na REACH SVHC kandidat kandidata u koncentracijama većim od 0,1% po težini po članku³. Ograničeni broj članaka u pogodjenim proizvodima Samsung su navedeni u nastavku. To je status 2021. rujna.

REACH og Samsung Electronics produkter

Forordning nr. 1907/2006 om registrering, evaluering, godkendelse og begrænsning af kemikalier (REACH)¹ trådte i kraft den 1. juni 2007. Ifølge REACH står virksomheder, der opererer i EU, for visse forpligtelser som producenter, importører og / eller downstream-brugere. Et af hovedkravene er pligt til at kommunikere oplysninger om stoffer i artikler (artikel 33).

Artikel 33: Oplysninger til modtagere og kunder

Artikel 33 i REACH kræver, at leverandørerne informerer modtagere og reagerer på forbrugernes henvendelser, hvis en artikel indeholder mere end 0,1% pr. Artikel af ethvert stof på stofferne i meget høje bekymringskandidatliste², der offentliggøres af Det Europæiske Kemikalieagentur (ECHA).

Samsung Electronics Co. Ltd indeholder artikel 33 oplysninger som følger. Derudover kan alle forbrugere bruge nedenstående kontakter til at indsende forespørgsler vedrørende REACH forpligtelserne i Samsung Electronics 'produkter.

REACH en producten van Samsung Electronics

Verordening nr. 1907/2006 betreffende de registratie, evaluatie, machting en beperking van chemicaliën (REACH)¹ zijn ingetreden op 1 juni 2007. Volgens REACH staan bedrijven die in de EU actief zijn, bepaalde verplichtingen als fabrikanten, importeurs en / of downstream-gebruikers . Een van de belangrijkste vereisten is de plicht om informatie over stoffen in artikelen (artikel 33) te communiceren.

Artikel 33: Informatie voor ontvangers en klanten

Artikel 33 van REACH vereist leveranciers om ontvangers te informeren en te reageren op consumentenvraag Als een artikel meer dan 0,1% (op gewichtsbasis per artikel) van elke substantie op de stoffen van zeer hoge betreffende kandidatenlijst² bevat die door het Europees Agentschap Chemicals (ECHA) is gepubliceerd.

Samsung Electronics Co. Ltd biedt artikel 33 informatie als volgt. Bovendien kunnen alle consumenten de onderstaande contacten gebruiken om query's in te dienen met betrekking tot de REACH-verplichtingen in de producten van Samsung Electronics.

REACH ja Samsung Electronics -tuotteet

Asetus N:o 1907/2006 kemikaalien rekisteröinnistä, arvioinnista, lupasta ja rajoittamisesta (REACH)¹ tuli voimaan 1. kesäkuuta 2007. REACH mukaan EU:ssa toimivat yritykset kohtaavat tiettyjä velvoitteita valmistajina, maahantuojina ja / tai loppupääenkäyttäjinä . Yksi tärkeimmistä vaatimuksista on velvollisuus toimittaa tietoja artikloihin liittyvistä aineista (33 artikla).

33 artikla: Vastaanottajien ja asiakkaiden tiedot

REACH:n 33 artiklassa edellytetään toimittajia tiedottamaan vastaanottajille ja vastaamaan kuluttajien kyselyihin, jos artikkeli sisältää yli 0,1 prosenttia (painoprosenttia artikkelia)minkä tahansa aineen erittäin korkealaatuisten aineiden osalta ehdokasluettelo² julkaisija Euroopan kemikaalivirasto (ECHA).

Samsung Electronics Co. Ltd tarjoaa 3 artiklaa koskevat tiedot seuraavasti. Lisäksi kaikki kuluttajat voivat käyttää alla olevia yhteystietoja toimittamaan kyselyjä REACH -velvoitteisiin Samsung Electronics -tuotteissa.

Τα προϊόντα REACH και Samsung Electronics '

Ο κανονισμός 1907/2006 σχετικά με την καταχώριση, την αξιολόγηση, την έγκριση και τον περιορισμό των χημικών ουσιών (REACH)¹ τέθηκε σε ισχύ την 1η Ιουνίου 2007. Σύμφωνα με το REACH, οι εταιρείες που δραστηριοποιούνται στην ΕΕ έχουν ορισμένες υποχρεώσεις ως κατασκευαστές, εισαγωγείς ή / και μεταγενέστερους χρήστες. Μία από τις βασικές απαιτήσεις είναι η υποχρέωση κοινοποίησης πληροφοριών σχετικά με τις ουσίες στα άρθρα (άρθρο 33).

Άρθρο 33: Πληροφορίες για τους αποδέκτες και τους πελάτες

Το άρθρο 33 του REACH απαιτεί από τους προμηθευτές να ενημερώνουν τους αποδέκτες και να ανταποκρίνονται στις έρευνες των καταναλωτών εάν ένα άρθρο περιέχει περισσότερο από 0,1% (κατά βάρος ανά άρθρο) οποιασδήποτε ουσίας στον υποψήφιο κατάλογο ουσιών πολύ υψηλής ανησυχίας² που δημοσιεύονται από τον Ευρωπαϊκό Οργανισμό Χημικών Προϊόντων (ECHA).

Το Samsung Electronics Co. Ltd παρέχει πληροφορίες 33 ως εξής. Επιπλέον, όλοι οι καταναλωτές μπορούν να χρησιμοποιήσουν τις παρακάτω επαφές για να υποβάλουν ερωτήματα σχετικά με τις υποχρεώσεις REACH στα προϊόντα της Samsung Electronics '.

REACH un Samsung Electronics produkti

Regula Nr. 1907/2006 par kīmisko vielu reģistrāciju, novērtēšanu, atļauju un ierobežošanu (REACH)¹ stājās spēkā 2007. gada 1. jūnijā. Saskaņā ar REACH uzņēmumiem, kas darbojas ES saskaras ar noteiktām saistībām kā ražotājiem, importētājiem un / vai pakārtotajiem lietotājiem . Viena no galvenajām prasībām ir pienākums paziņot informāciju par izstrādājumu vielām (33. pants).

33. pants: informācija saņēmējiem un klientiem

33. pants REACH prasa piegādātājiem informēt saņēmējus un reāgēt uz patērētāju izmeklēšanu, ja izstrādājums satur vairāk nekā 0,1% (pēc svara uz vienu vielu) jebkuras vielas uz vielām, kas ir ļoti augstas bažas kandidātu sarakstā² Eiropas Ķimikāliju aģentūras (ECHA) publicēja.

Samsung Electronics Co Ltd nodrošina 33. panta informāciju šādi. Turklāt visi patērētāji var izmantot zemāk kontaktus, lai iesniegtu vaicājumus, kas attiecas uz REACH saistībām Samsung Electronics produktos.

REACH și produse Samsung Electronics

Regulamentul nr. 1907/2006 privind înregistrarea, evaluarea, autorizarea și restricționarea substanțelor chimice (REACH)¹ a intrat în vigoare la 1 iunie 2007. Potrivit REACH, companiile care operează în UE se confruntă cu anumite obligații ca producători, importatori și / sau utilizatori din aval. Una dintre cerințele esențiale este obligația de a comunica informații privind substanțele din articole (articolul 33).

Articolul 33: Informații pentru destinatari și clienți

Articolul 33 din REACH impune furnizorilor să informeze beneficiarii și să răspundă solicitărilor de consum în cazul în care un articol conține mai mult de 0,1% (în greutate pe articol) din orice substanță cu privire la substanțele liste de candidați foarte mare² publicată de Agenția Europeană pentru Produse Chimice (ECHA).

Samsung Electronics Co LTD oferă articole 33 informații după cum urmează. În plus, toți consumatorii pot utiliza contactele de mai jos pentru a trimite interogări referitoare la obligațiile REACH ale produselor Samsung Electronics.

REACH a výrobky zo služby Samsung Electronics

Nariadenie č 1907/2006 o registrácii, hodnotení, autorizácii a obmedzovaní chemických látok (REACH)¹ nadobudlo účinnosť 1. júna 2007. Podľa REACH, spoločnosti pôsobiace v EÚ čelia určitým povinnostiam ako výrobcovia, dovozcovia a / alebo následní užívateľia . Jedným z kľúčových požiadaviek je povinnosť komunikovať informácie o látkach v článkoch (článok 33).

Článok 33: Informácie pre príjemcov a zákazníkov

Článok 33 REACH vyžaduje, aby dodávateľia informovali príjemcov a reagovali na otázky spotrebiteľov, ak článok obsahuje viac ako 0,1% (podľa hmotnosti podľa článku) akejkoľvek podstatnej látky na zozname kandidátskych látok veľmi vysokého záujmu² uverejnenej Európskou chemickou agentúrou (ECHA).

Samsung Electronics Co Ltd poskytuje článok 33 informácie nasledovne. Okrem toho všetci spotrebiteľia môžu použiť nižšie uvedené kontakty, ktoré predkladajú otázky týkajúce sa REACH povinností výrobkov spoločnosti Samsung Electronics.

REACH in Samsung Electronics Proizvodi

Uredba št. 1907/2006 o registraciji, ocenjevanju, dovoljenju in omejevanju kemikalij (REACH)¹ je začela veljati 1. junija 2007. Po mnenju REACH, podjetja, ki delujejo v EU, se soočajo z nekaterimi obveznostmi, ki so proizvajalci, uvozniki in / ali nadaljnji uporabniki . Ena od ključnih zahtev je dolžnost sporočanja informacij o snoveh v členih (člen 33).

Člen 33: Informacije za prejemnike in stranke

33. člen REACH zahteva, da dobavitelji obveščajo prejemnike in se odzivajo na poizvedbe potrošnikov, če članek vsebuje več kot 0,1% (po teži na člen) katere koli snovi na snoveh zelo pomembnega seznama kandidatov², ki jih je objavila Evropska agencija za kemikalije (ECHA).

Samsung Electronics Co Ltd zagotavlja člen 33 informacije, kot sledi. Poleg tega lahko vsi potrošniki uporabljam spodnji stiki, da predložijo poizvedbe, ki se nanašajo na obveznosti REACH v izdelkih Samsung Electronics.

REACH y productos de Samsung Electronics

El Reglamento nº 1907/2006 sobre el registro, la evaluación, la autorización y la restricción de los productos químicos (REACH)¹ entró en vigor el 1 de junio de 2007. De acuerdo con REACH, las empresas que operan en la UE se enfrentan a ciertas obligaciones como fabricantes, importadores y / o usuarios finales. Uno de los requisitos clave es el deber de comunicar información sobre sustancias en los artículos (artículo 33).

Artículo 33: Información para destinatarios y clientes.

El artículo 33 de REACH requiere que los proveedores informen a los destinatarios y respondan a las consultas de los consumidores si un artículo contiene más del 0,1% (por peso por artículo) de cualquier sustancia en las sustancias de la lista de candidatos de muy alta preocupación² publicada por la Agencia Europea de Productos Químicos (ECHA).

Samsung Electronics Co. Ltd proporciona la información del artículo 33 de la siguiente manera. Además, todos los consumidores pueden usar los contactos a continuación para enviar consultas relacionadas con las obligaciones de REACH en los productos de Samsung Electronics.

REACH och Samsung Electronics produkter

Förordning nr 1907/2006 om registrering, utvärdering, godkännande och begränsning av kemikalier (REACH)¹ trädde i kraft den 1 juni 2007. Enligt REACH står företag som verkar i EU vissa skyldigheter som tillverkare, importörer och / eller nedströmsanvändare . En av de viktigaste kraven är skyldigheten att kommunicera information om ämnen i artiklar (artikel 33).

Artikel 33: Information för mottagare och kunder

Artikel 33 i REACH kräver att leverantörer informerar mottagare och svarar på konsumenternas förfrågningar om en artikel innehåller mer än 0,1% (i vikt per artikel) av något ämne om ämnen med mycket hög berörda kandidatlista² som offentliggjordes av Europeiska kemikaliebyrån (ECHA).

Samsung Electronics Co. Ltd ger artikel 33 information enligt följande. Dessutom kan alla konsumenter använda kontakterna nedan för att skicka frågor som rör REACH -förpliktelserna i Samsung Electronics produkter.
